

Math Olympiad Jingle

(Chorus) *It's the Math Olympiad
We having more fun than we've ever had
Problem solving is the greatest fad
In the math Olympiad! (2x)*

(Verse 1) This is not Beenie Man or the Dancehall Queen
We're the Math Olympians and we come to make a scene
We will show you that math time, is really just fun-time
So jump owta yu seat and mek wi bos dis rhyme!

2 x plus 4 is what kinda' math?
Algebra's the name, and that's a fact!
Numbers and letters in the same Math problem
Nowadays everyone can solve them.

(Chorus) *It's the math Olympiad
We're having more fun than we've ever had
Problem solving is the greatest fad
In the math Olympiad! (2x)*

(Verse 2) There's BODMAS , functions relations and pi
That will rattle your brain and open your eyes
There's quartiles, means and median and modes
You'll be crunching numbers and cracking codes

Doing sketches, diagrams, or mental maps
We'll even the score and avoid the traps
To add and subtract multiply and divide
We'll conquer the world no matter how big and wide!

(Chorus) *It's the math Olympiad
We're having more fun than we've ever had
Problem solving is the greatest fad
In the math Olympiad!*

It's the Math Olympiad!!!!

It's the Math Olympiad!!!!

(Verse 3) There's matrix, vectors, degrees, and triangles
Now you'll see the world from different angles
There's simple interest, and profit and loss
Soon you'll be *pulil, jefe, or big boss!*

If transformations, sets, and volume make you grumble
Stick with us and your math fears will crumble
If you want to be in and watch your math skills grow
Come learn and have fun at the Great Math Show!

O o o o o o ooh (4x) (Ad lib to crowd!)

It's the Math Olympiad!!!! (4x)

(Chorus) *It's the math Olympiad
We're having more fun than we've ever had
Problem solving is the greatest fad
In the math Olympiad! (3x)*

(Repeat Verse 1)

(Chorus) *It's the math Olympiad
We're having more fun than we've ever had
Problem solving is the greatest fad
In the math Olympiad!*

It's the math Olympiad (2x)
