Social Security Board Inaugurates the David L. Mckoy Business Center

The Social Security Board officially opened its new building the **David L. Mckoy Business Center** as part of its Investment Portfolio to attract additional income for the Fund through commercial space for lease. The building located in central Belmopan is 48,200 square feet, houses four floors with hurricane proof windows and glass area consistent with the structural integrity of the building, dedicated parking, elevators, security and more.

The building is dedicated to the late Honourable David L. Mckoy in recognition of his contribution as the Minister of Labour in securing coverage for workers through the introduction of Social Security in 1981.

This project is one instance of SSB's Investment function that seeks to sustain current and future payments of benefits, most importantly to continuously support the pension program. SSB invests in all of Belize's major economic sectors such as: Banking, Agriculture, Education, Housing, Utilities, Tourism, Financial Institutions, Real Estate and others.

End.
