PREFACE

The 2023 Statistical Abstract of the Social Security Board marks the 17th edition of this publication by the Social Security Board (SSB) of Belize. This Abstract serves as a comprehensive source of statistical information, offered to the public with the dual purpose of enhancing awareness about the Social Security system and ensuring the utmost transparency. Covering the years 2019 to 2023, this publication encompasses a range of selected SSB topics that cater to public interests, spanning across various facets of Insured Persons' involvement, including Registration, Contributions, Benefits, Noncontributory Pensions, Appeals, and Investments. Those seeking more detailed insights into these subjects can obtain additional information by submitting a written request to SSB.

Moreover, as part of SSB's dedicated commitment to furnish its stakeholders with relevant, timely, and accurate data, while also supporting the expansion of social security coverage in alignment with both SSB and the International Social Security Association's (ISSA) objectives and strategies, two new sections have been introduced to this Statistical Abstract. These sections entail data regarding the count of migrant workers and the self-employed. This addition serves dual purposes: monitoring and evaluation, as well as addressing the heightened demand for supplementary data from key stakeholders such as the International Organization for Migration (IOM) Belize, the Department of Immigration and Nationality Services, Labour Department, and the Belize Trade and Investment Development Service (Beltraide).

SSB extends its heartfelt appreciation to the Statistical Institute of Belize and the Ministry of Health, both of whom have contributed valuable statistical information featured in this publication. The contributions of every team member who played a role in shaping this Statistical Abstract, are deeply acknowledged by SSB. A special commendation is reserved for the dedicated members of the Research & Statistics Department, whose diligent efforts and unwavering commitment to maintaining high standards have been pivotal in the preparation and publication of this document. SSB is dedicated to continuous improvement in information communication and values the feedback and engagement of users and the public at large, as we strive for excellence in our pursuits.

GLOSSARY OF TERMS

TERM	DEFINITION				
Active Business	A business that has made at least one weekly contribution during the year.				
Active Employer	An employer who has made at least one weekly contribution during the year.				
Active Self-Employed	A self-employed person who has made at least one weekly contribution during the year.				
Active Insured Person	A person who has made at least one weekly contribution during the year.				
Appeal	A request from an insured person to have his/her case be heard by an appeal tribunal since he/she is aggrieved by or dissatisfied with a decision made by the SSB regarding a benefit claimed.				
A body that hears appeals arising from the decision of the Social Security claim for a benefit. The Appeal Tribunal comprises an Attorney as Chairma of employers and a representative of employees. A Tribunal is any persor the authority to judge, adjudicate on, or determine claims or disputes.					
Beneficiary	A person entitled to a benefit or a person who is in receipt of a benefit.				
Benefit	An advantage, privilege, right, or financial reimbursement (such as that made under an insurance policy, medical plan, or pension plan). For Social Security purposes, a benefit is payable in respect of Sickness, Maternity, Injury, Disablement, Invalidity, Retirement, Death, Funeral Grant, or Survivors' Benefits where an insured person has met all the requirements.				
Benefit Regulations	The Social Security (Benefit) Regulations, 1980. These are the rules that govern the entitlement to benefit and the sums payable to a beneficiary. A regulation is a principle, rule or law designed to control or govern conduct. In this document, regulations are made by the Minister of Finance under the Social Security Act, Chapter 44 of the Laws of Belize.				
Board	A group of people (Board of Directors) chosen to govern the affairs of the Social Security Board that was established under section 28 of the Social Security Act.				
Contribution	The money that employers and persons in insurable employment pay into the Social Security Fund. A contribution is payable under the Social Security Act.				
Death Benefit	Periodical payments in respect of an injured person who dies as a result of work-related injury or disease. This benefit is paid to the survivors of the deceased insured person (i.e. widow, widower, children or parents).				
Disablement Benefit	Periodical payments or a lump sum grant to an insured person who as a result of employment injury or disease sustains loss of physical or mental faculty amounting to not less than 1% degree of disability.				
Earnings	Amount of money a person in insurable employment makes or the total compensation that an employee receives in exchange for the service they perform for their employer including overtime payments, acting allowances and responsibility allowances.				
Employed Person	A person employed in insurable employment as defined by Section 3 (Social Security Act).				
Employment Injury (EI)	An Injury arising out of and in the course of insurable employment.				
El Benefit Branch	The benefit branch from which benefits are paid to an insured person who suffers injury from an accident arising out of and in the course of employment. Benefits that are payable from the El Benefit Branch are: Injury, Disablement Grant, Disablement Pension, Death Benefit, Medical Care, Constant Attendance Allowance and Funeral Grant due to El.				

TERM	DEFINITION					
Foreign National	Someone who is not a citizen of Belize, not a permanent resident of Belize, nor is a holder of a qualifying certificate.					
Fund	The Social Security Fund established under Section 46 of the Social Security Act: contributions are paid into the fund; benefits and administrative costs are paid out of the fund. The excess is invested.					
Funeral Grant	A benefit payment made to the person bearing funeral expenses in respect of an insured person who dies as a result of natural causes or work-related injury or disease and also on the death of a spouse or dependent child.					
Industry	An organized economic activity or a branch of a commercial enterprise concerned with the output of a specified product or service. The categories of industries utilized by the SSB are aggregated by the International Standard Industrial Classification of all Economic Activities Revision 4 (ISIC Rev. 4).					
Inflation	An increase in the overall price level of goods and services in a country.					
Inflation Rate	The percentage change in the price level of goods and services in an economy over a period of time.					
Insurable Employment	Any employment specified in Part 1 of the First Schedule of the Social Security Act. Insurable employment means working in a job for not less than 8 hours a week for another person.					
Insured Person	A person who is registered with Social Security and has/had insurable employment.					
Invalidity Benefit	Periodical payments or a lump sum payment to an insured person who is rendered permanently incapable of work otherwise than as a result of employment injury.					
Investment	The laying out of money or capital with the expectation of a profit. That is, the use of capital to create more money, either through income producing vehicles or through more risk-oriented ventures designed to result in capital gains.					
Investment Income	The income received in a particular year from investment loans, securities and other investments.					
Labour Force	All persons aged 14 years and older who were engaged in any form of economic activity for at least one hour during the reference week, or who were willing and able to be engaged in producing goods and services.					
Long Term Benefit Branch	The benefit branch or category where benefits are payable for: Retirement Pension, Retirement Grant, Invalidity Pension, Invalidity Grant, Survivors' Pension, Survivors' Grant, and Funeral Grant due to natural causes.					
Maternity Allowance	Periodical payments made to an insured woman in the event of her pregnancy or confinement.					
Maternity Grant	A lump sum payment paid to an insured woman or to an insured man on the occasion of his wife's confinement if his wife is not entitled to this grant.					
Medical Board	A panel that consists of two or more Medical Practitioners appointed by the SSB of whom one may be appointed as the Chairman. Medical Board members are appointed to render advice on disablement questions, for the purpose of establishing invalidity, and for advice on any other medical issue.					
Medical Certificate	A certificate issued by a registered medical practitioner in Belize.					
Medical Practitioner/Medical Referee	A person registered under the Medical Practitioners Registration Act and includes any Government Medical Officer in Belize. Medical Practitioners/Referees render advice on disablement questions, for the purpose of establishing invalidity, and for advice on any other medical issue.					

TERM	DEFINITION					
Migrant Worker	Someone who is gainfully occupied in employment in Belize who was not born in the country of Belize.					
Nominal Rate	Return on investments that is unadjusted for inflation.					
Non-Contributory Pension	A pension that is awarded to non-insured persons as a social assistance program by the Government of Belize to help alleviate poverty for women 65 years or older and men 67 years and older.					
Primary Care Provider	An individual or an institution that provides preventive and curative health care services in a systematic way to individuals, families, or communities.					
Prescribed	Requirements designated by Social Security regulation for providing services and benefits.					
Qualifying Certificate	A Certificate of Recognition of Caribbean Community Skills issued in accordance with the Caribbean Community (Free Movement of Skilled Persons) Act.					
Real Rate	Return on investments that is adjusted for inflation.					
Retirement Benefit	Periodical payments or a lump sum payment to an eligible insured person who: a) has attained the age of sixty and is retired from insurable employment or b) who is at least sixty-five years (whether employed or unemployed) and c) has met the contribution requirements.					
Self-Employed Person	A person gainfully occupied in Belize who is not a person employed under an employer and who is between the ages of 18 and 60 years.					
Short Term Benefit Branch	The benefit branch or category includes Sickness Benefit, Maternity Allowance and Maternity Grant.					
Sickness Benefit	Periodical payments or a lump sum payment to an insured person who is temporarily incapable of work otherwise than as a result of employment injury.					
Sickness Benefit Days	Represent the total number of workdays an insured person is unable to work due to illness during which they receive financial compensation from SSB. This metric captures days of paid medical leave, compensation periods for temporary work incapacity and documented absences verified by medical professionals. This statistic provides insights into population health, workplace conditions, labor force productivity, and social protection coverage and effectiveness.					
Sickness Benefit Days Group	Refers to the classification of days for which an insured person receives financial support from SSB due to illness. It groups together the total number of days that people are unable to work because of sickness and are compensated financially by the SSB. That is, this group typically includes days for which sickness benefits are paid under social security. This helps in understanding how often and for how long people are taking sick leave and receiving benefits.					
Survivors' Benefit	Periodical payments or a lump sum payment on behalf of an insured person who dies, otherwise than as a consequence of an employment injury. This is the money paid to the eligible dependents of a deceased insured person (i.e. spouses, dependent children or parents dependent on the insured person).					
Total Contributions	Government of Belize contributions to the NHI Fund as well as those collected from employers, employees, voluntary and self-employed persons.					
Voluntary Insured Person	An insured person who is not liable to pay contributions but chooses to make contribution payments under the Social Security Act. If an insured person stops working or becomes self-employed, that person can continue to pay contributions as a Voluntary Insured Person.

Key Indicators

Notes: Difference in totals in the Quantity Change section may not be exact due to rounding.

The 2019 - 2023 GDP at Current Market Prices figures were obtained and revised from the Statistical Institute of Belize: https://sib.org.bz/statistics/gross-domestic-product/

In 2023, NHI rolled out in the Orange Walk District, thus increasing the total membership in the Northern Region.

Due to modifications in the 2022 registration process for newly registered employers and their businesses (where any new employer registration, regardless of the number of businesses, will be assigned a single new Employer Number), the compilation of active business data as of 2022 will be discontinued.

2022 - 2023 Change

REGISTRATION

This section presents statistics on registration of all eligible persons in Belize, including the general population, businesses, employers, and self-employed individuals. The primary data source is the Social Security Board's (SSB) Registration databases, while secondary data is obtained from the Statistical Institute of Belize (SIB) and the Ministry of Health (MOH).

Registration – The Social Security Act, Chapter 44 of the Laws of Belize Revised Edition 2000 - 2003, provides for the mandatory registration of all nationals, registered aliens, holders of work permits and their dependents, regardless of their age. Each person who registers with the SSB is allotted a Social Security number and a Social Security card. Furthermore, as of January 1. 2019 the following were the types of Social Security Cards:

Types of Social Security Registration Cards (Effective January 1, 2019):

1. Belizeans, Permanent Residents, and Certain CARICOM Nationals:

- Individuals 14 years and older who are Belizean citizens, Permanent Residents, or qualifying CARICOM nationals (i.e. CARICOM nationals with a CARICOM Single Market & Economy [CSME] certificate or indefinite stay stamp) receive a Social Security Card with no expiration date.
- This card is valid for employment and bears the legend: "VALID FOR EMPLOYMENT".

2. Minors (Under 14 years old):

- Dependent children of Belizeans, Permanent Residents, or qualifying CARICOM nationals receive a Social Security Card that expires the day before their 14th birthday.
- > This card is not valid for employment and bears the legend: "NOT VALID FOR EMPLOYMENT".

3. Foreign Nationals with Work Permits:

- Foreign nationals 14 years and older who are not Belizeans, Permanent Residents, or qualifying CARICOM nationals are issued a Social Security Card with an expiration date matching their valid work permit.
- > This card is valid for employment and bears the legend: "VALID FOR EMPLOYMENT".

4. Dependents of Foreign Nationals (Under 14 years old):

- Dependent children of foreign nationals who do not meet the permanent residency or CARICOM national criteria receive a Social Security Card with an expiration date matching their parent's valid work permit.
- > This card is not valid for employment and bears the legend: "NOT VALID FOR EMPLOYMENT".

In addition, all persons over age 14 and under age 65, employed in insurable employment must register with the SSB. Voluntary contributors and self–employed persons who do not employ another person can also voluntarily register with the SSB. Legislative Voluntary Amendments of the law in the 1990s transferred the obligation of registration to individuals and their dependents. The Social Security Card has become a primary source of identification in Belize.

Overview of Social Security Card Types

Employer and Business – The term employer is used to indicate a person is registered and has an account with the SSB for payment of contributions on behalf of employees. The Social Security Act, Chapter 44 of the Laws of Belize Revised Edition 2000 - 2023, provides for the mandatory registration of every person who becomes an employer within seven days of employing his first employed person. It is also a requirement that an employer shall, within fourteen days after registration, submit a list of all his employees. An Employer Registration number is allotted to each registered employer for the payment of contributions on behalf of employees.

As of 2022, the registration process for employers with multiple businesses, each having a unique Business Number, has been discontinued. Consequently, any new employer registration with one or more business will be assigned one new Employer Number only.

Population – The figures used for the Belize population are derived from the census (conducted every 10 years) and mid-year estimates which are sourced from SIB. Data on live births are provided by MOH. These figures are used to compute the number of children registered within the year of birth.

Notes: Data revised due to cleaning of duplicated cases and registering of businesses for the Online Portal.

As of 2022, the registration process for employers with multiple businesses, each having a unique Business Number, has been discontinued. Consequently, any new employer registration with one or more business will be assigned one new Employer Number only.

Table 1.13

Newly Registered Employers by District,

2022 - 2023

District	Registe	red Year
District	2022r	2023p
Total	1,391	1,506

Note: As of 2022, the registration process for employers with multiple businesses, each having a unique Business Number, has been discontinued. Consequently, any new employer registration with one or more business will be assigned one new Employer Number only.

Contributions

This section presents data on Contributions made to the SSB and characteristics of the Active Insured Persons (AIPs), as well as the active businesses, employers and the self-employed. The principal source of the contribution data is the SSB's database, captured through the Contributions Management System (CMS). The secondary source of the data is the Statistical Institute of Belize (SIB), where data relating to the Labour Force are gathered.

Insured Person – The Social Security Act makes provisions for any person over the age of 14 years and under the age of 65 years, who are engaged in insurable employment, to become an insured person. An active insured person is defined by SSB as a person who has made at least one weekly contribution to the SSB during the reference year. For SSB purposes, an employed person is one who worked at least eight (8) hours for any single employer during the reference week.

Labour Force – According to the SIB, the Labour Force is comprised of all persons aged 14 years and older who

- Engaged in any form of economic activity for at least one hour during the reference week,
 or
- Were willing and able to work (i.e. be engaged in producing economic goods and services).

Also included would be all those persons who were temporarily absent from work during the reference week. Hence, the Labour Force is made up of all those persons who either had jobs (the Employed), or those who did not have jobs but were willing and able to work (the Unemployed). Key Labour Force indicators used include:

- (a) General Employment Rate the percentage of employed persons within the Labour Force;
- (b) SSB Participation Rate in the Labour Force the percentage of active insured persons within the Labour Force and
- (c) SSB Participation Rate in the Employed Labour Force the percentage of active insured persons within the Employed Labour Force.

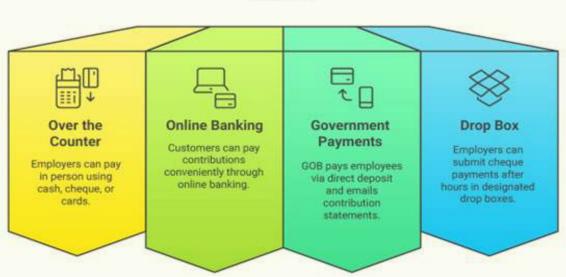

Contributions – All persons in insurable employment must pay/remit a portion of their earnings into the Social Security Scheme. Presently, 10% of a person's average weekly earnings are payable up to maximum earnings of \$520.00. Weekly contribution collected by the SSB is made up of employees' and employers' portions. The amount payable by both employer and employee is dependent on the gross income of the employee. Please note that an employer must have an active business, and an active business is one which has contributed at least once during the reference year. For insured persons who work after retirement, the employer is responsible for 100% of the contributions, a standard \$2.60, which provides coverage for employment injury benefit only. In addition, self–employed persons and voluntary contributors may contribute to the scheme voluntarily. These self–employed insured persons are responsible for their entire payments, which are 7% of their declared weekly earnings, up to maximum earnings of \$320.00 per week.

All contributions collected are accrued into the Social Security Fund and are used to pay benefits and administrative expenditures and invested to earn income for future expenditures and payment of pensions.

Submission of Contribution Statements - Employers must submit ALL contribution statements online All contributions collected are accrued into the Social Security Fund and are used to pay benefits and administrative expenditures, and invested to earn income for future expenditures and payment of pensions.

Methods of Contribution Payment - There are presently four methods (or service channels) for employers to make contributions payment on behalf of their employees:

- Over the Counter at Branch Offices This option is available for employers who do not have online banking or prefers to pay in person utilizing our cashiers. Payments can be made with cash, cheque or debit/credit cards.
- 2. Online Banking via Bill Pay Feature has now become the most commonly used method of paying contributions for customers' convenience. Contribution payments can now be paid with three commercial banks Belize Bank, Atlantic Bank and Heritage Bank.
- **3.** The Government of Belize (GOB) makes payments for its employees by direct deposit and sends the statement of contributions electronically via email.
- **4. Drop Box** Employers can drop off cheque payments with a completed Statement of Contributions (FIN15A) in designated SSB Branch Office drop boxes, accessible after business hours and on weekends.

Contribution Payment Methods

In 2019, the Cabinet approved a phased implementation plan, in accordance with the 2019 Contribution Reform proposal presented by the Social Security Board (SSB) and the associated social partners. The reform was necessary as the contribution schedule had remained unchanged since 2003. The Contribution Reform introduced incremental increases in contribution rates for both employers and employees working at least eight (8) hours per week to the Social Security legislation. Noteworthy, is that the increase in contributions results in enhanced benefits for all individuals under the new

wage ceiling. The following tables outline the approved increase in the contribution rate alongside the expansion of the wage ceiling and the increase in benefits payments that were scheduled to occur over a 3-year period:

Earnings – According to the Social Security Regulations, all forms of gross remuneration (including overtime, bonuses, allowances, gratuities, etc.), are classified as earnings and are subject to Social Security Law. The higher the actual earnings, the higher the insurable earnings and the higher the benefit collected in the event of loss of wages. The weekly insurable earnings serve as the basis for benefit payment calculations, specifically in the form of Average Weekly Insurable Earnings (AWIE). This is determined by summing the weekly insurable earnings over a specified period and dividing by the number of weeks within that period.

Industry – SSB follows the International Standard Industrial Classification of All Economic Activities

Revision 4 to categorize entities into industries based on their economic activities (see <u>ISIC Rev. 4</u> for further details). Furthermore, ISIC is the international reference classification of productive economic activities that can be utilized for the collection and reporting of statistics according to such activities.

This classification system:

- Organizes entities according to what they produce
- · Considers the goods/services, inputs, processes, and technology used
- Ensures consistent classification across local and international reporting
- Is used both nationally and internationally, in classifying data by economic activity in the fields of production, employment, GDP, and other statistics
- Enables comparison of economic data between countries
- Provides a framework for national classification systems

ISIC categorizes economic production - activities where entities use labor, capital, goods, and services to produce outputs - into standardized groups that reflect similar economic functions (see figure below).

The individual categories of ISIC have been aggregated into the following 21 sections:

Section	Divisions	Description
Α	01-03	Agriculture, forestry and fishing
В	05-09	Mining and quarrying
C	10-33	Manufacturing
D	35	Electricity, gas, steam and air conditioning supply
E	36-39	Water supply; sewerage, waste management and remediation activities
F	41-43	Construction
G	45-47	Wholesale and retail trade; repair of motor vehicles and motorcycle
Н	49-53	Transportation and storage
1	55-56	Accommodation and food service activities
j	58-63	Information and communication
K	64-66	Financial and insurance activities
L	68	Real estate activities
M	69-75	Professional, scientific and technical activities
N	77-82	Administrative and support service activities
0	84	Public administration and defence; compulsory social security
P	85	Education
Q	86-88	Human health and social work activities
R	90-93	Arts, entertainment and recreation
S	94-96	Other service activities
Т	97-98	Activities of households as employers; undifferentiated goods- and services-producing activities of households for own use
U	99	Activities of extraterritorial organizations and bodies

Each group in the classification is designated by a title and letter/number code and is associated with a description that specifies the scope of the group. The hierarchical structure includes:

- Sections denoted by 1-letter codes; for example, A Agriculture, forestry and fishing
- Divisions denoted by 2-digit codes; for example, 03 Fishing and aquaculture
- Groups denoted by 3-digit codes; for example, 031 Fishing
- Classes denoted by 4-digit codes; for example, 0311 Marine fishing

Industry data throughout this document is presented at the three-digit level. The groups and divisions, the successively broader levels of classification, combine the activities of producing units according to: similarities in the character of the goods and services produced, the uses to which the goods and services are put, and the inputs, process and technology of production.

Table 2.1
Total Contributions and Total Benefit Expenditure,
2019 - 2023
(BZ\$)

			Year		
	2019	2020	2021	2022r	2023p
Total Contributions	\$118,130,515	\$126,693,451	\$135,215,290	\$165,052,810	\$193,250,314
Total Benefit Expenditure	\$97,805,964	\$99,494,985	\$110,683,377	\$123,696,758	\$134,362,857
Total Benefit Expenditure as a % of Total Contributions	82.8%	78.5%	81.9%	74.9%	69.5%
Contributions (Total Contributions Less GOB Contribution to the NHI Fund)	\$100,180,514	\$110,428,236	\$117,475,290	\$143,852,810	\$166,000,314
Benefit Expenditure (Total Benefit Expenditure Less NHI Expenditures)	\$81,099,499	\$85,121,041	\$97,502,205	\$108,606,188	\$116,619,969
Benefit Expenditure as a % of Contributions	81.0%	77.1%	83.0%	75.5%	70.3%

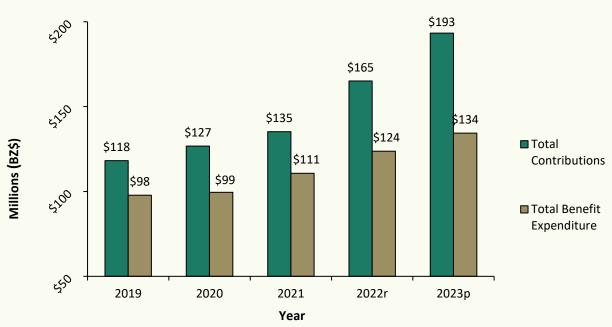

Notes: Total Contributions figures represent GOB contributions to the NHI Fund as well as those collected from employers, employees, voluntary and self employed persons.

Total Benefit Expenditure figures represent payments made to the four SSB Benefit Branches and payments made to NHI Primary Care Providers.

The significance increase in contribution income from:

- 2019 to 2020 is mainly due to the increase in Contribution Rate from 8.5% to 9.0%, and the expansion of the contribution ceiling from \$420.00 and Over to \$460.00 and Over.
- In April of 2022, Contribution rate increased from 9.0% to 10.0%, and the expansion of the contribution ceiling from \$460.00 and Over to \$500.00 and Over.

The information provided for 2022 and 2023 reflects data pertaining to the new registration process for employers.

BENEFITS

his section presents information on social security benefits, Non-Contributory Pension (NCP), and lack L appeals. The primary source of benefits data is the Social Security Board's (SSB) databases, while Mid-Year Population Estimates are obtained from the Statistical Institute of Belize (SIB).

Social Security Coverage - The Social Security Act establishes a system of financial benefits to compensate for wage loss due to sickness, maternity, injury, invalidity, retirement, or death. Social Security Coverage includes employed persons aged 14 to 64 years, including public officers and selfemployed individuals aged 18 to 60 years.

Persons aged 65 and older who continue working (engaging in insurable employment) are only covered for employment injury benefits, with employers required to pay a reduced weekly contribution of BZ\$2.60. Excluded from Social Security coverage are:

- Individuals engaged in casual labor,
- Those employed for fewer than eight (8) hours per contribution week, and
- Military personnel.

Voluntary contributors or Unemployed persons who have met the requirements for voluntary coverage are only covered for Retirement, Survivors' Benefits and Funeral Grant due to natural causes.

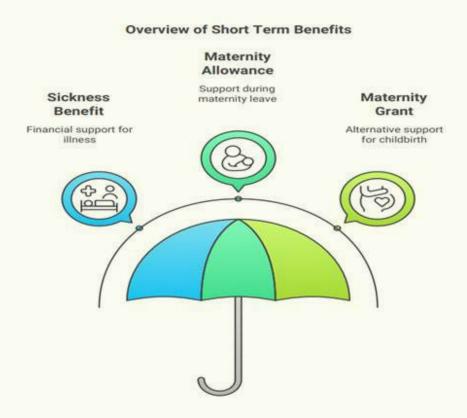

Benefits – The Social Security Act was established to provide financial payments for insured persons as a result of sickness, maternity, retirement, invalidity, work related injury, death, and disability. This Act provides monthly qualifying benefits to invalid, disabled or retired insured workers and to survivors of deceased insured persons. These benefits covered by the SSB are grouped into three main branches: Short-Term, Long-Term, And Employment Injury.

Social Security Benefits

Short Term Benefit Branch – is comprised of Sickness Benefit, Maternity Allowance and Maternity Grant benefits.

- **Sickness Benefit:** Is paid for a maximum of 234 days, including Sundays, once the claimant has been medically certified as being unable to work.
- *Maternity Allowance:* Is paid to an insured woman on maternity leave for a maximum of 14 weeks but not earlier than seven weeks from the expected date of delivery.
- *Maternity Grant*: In the event that an insured woman is not entitled to a maternity benefit/ allowance, the maternity grant can be awarded to the father of the child provided that the qualifying conditions are met.

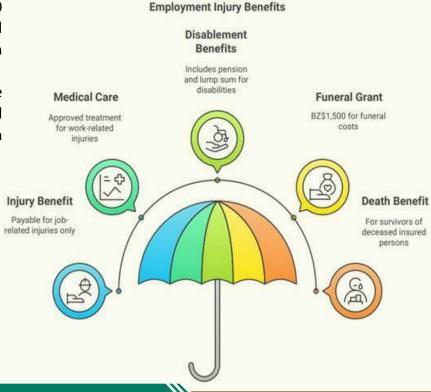

Long Term Benefit Branch – includes Retirement Pension, Retirement Grant, Survivors' Pension, Survivors' Grant, Invalidity Pension, Invalidity Grant, and Funeral Grant.

- **Retirement Benefits:** The age of eligibility for full retirement benefit is 65 years, while early retirement is possible at ages 60–64 for those insured person who retires from insurable employment or is earning less than BZ\$50 per week. Furthermore, you must have at least 500 contributions to qualify for any pension and between 26 and 499 contributions inclusive to qualify for any grant.
- *Invalidity Pension:* Available to insured workers under 60 who cannot work due to a specific disease (e.g. bodily or mental invalidity) which is likely to be permanent.
- **Survivors' Benefits:** Payable to qualifying dependents of a deceased insured person, including parents and children (up to age 18 years, or 21 years if in full-time education).
- **Funeral Grant:** A sum of BZ\$1,500 is payable for death by natural cause to the person who is liable or has paid the cost of the funeral.

Employment Injury (EI) Benefit Branch – is comprised of Injury Benefit, Disablement Benefit, Death Benefit, Funeral Grant for Employment Injury, Medical Care and Constant Attendance Allowance.

- *Injury Benefit:* Payable to insured workers for injuries sustained on the job, not while commuting to or from work.
- **Medical Care:** Approved medical treatment is provided to insured workers for employment-related injuries, including overseas care with SSB approval.
- Disablement Benefits:
 - Disablement Pension: Awarded if the insured person is assessed as at least 25% disabled due to a workplace injury (an injury that arises out of or during insurable employment).
 - » **Disablement Grant:** A lump sum payment is awarded if the disability due to a workplace injury is assessed at less than 25%.
- Funeral Grant: A BZ\$1,500 payment to cover funeral costs for deaths resulting from employment injuries.
- Death Benefit: Payable to the survivors of a deceased insured person who died due to a employment injury.

Non–contributory Pension (NCP) – In 2003, the NCP program was initiated by the Government of Belize as part of poverty alleviation measure for women 65 years or older pursuant to Social Security Act, Chapter 44 of the Laws of Belize Revised Edition 2000 – 2003 (Non-contributory Pension for women 65 years or over) Regulations Section 22. In December of 2007, the NCP program was extended to include males aged 67 years or older and at that time the monthly payment was increased from \$75 for women to \$100 (BZ\$) for both males and females. Other qualifying conditions to become a non–contributory pensioner include:

- 1. Possesses a valid Social Security Board (SSB) Card.
- 2. Be a citizen or permanent resident of Belize and is living in Belize. If he/she leaves the country, reapplication to the program must occur.
- 3. Submit to Social Security an application for the NCP on the prescribed form (RB1A).
- 4. Live in poverty, have no source of income, or inadequate means of support.
- 5. If there is an entitlement to a contributory long-term grant from SSB, the pensioner may opt to receive NCP instead, but not both.
- 6. Not receiving any other pension nor have received a pension, including government, social security, or private pensions.
- 7. Only one household member can receive NCP benefits.

CARICOM Reciprocal Agreement and Bilateral Agreement with Netherlands – allow insured persons who participate in the labor market of CARICOM countries or the Netherlands to maintain their rights to long term benefits paid by their employers at social security institutions from CARICOM countries or the Netherlands. Long Term benefits covered under the CARICOM Reciprocal Agreement and Bilateral Agreement with Netherlands are Retirement, Invalidity, Survivors', Death and Disablement Benefits.

Appeals – When an insured person is aggrieved or dissatisfied with a decision made by the Social Security Board regarding benefits payment, an appeal can be lodged for a hearing by an Appeal Tribunal. The Appeal Tribunal is comprised of an Attorney as Chairman, a representative of employers and a representative of employees.

The SSB Legal Services manages the appeal process, including scheduling hearings and notifying appellants of tribunal decisions.

Notes: The total number of sickness benefit days claimed includes the sum of all new and continuous days for claims allowed.

^{*} Sickness Benefit Days represent the total number of workdays an insured person is unable to work due to illness during which they receive financial compensation from SSB.

^{*} Sickness Benefit Days Group refers to the classification of days for which an insured person receives financial support from SSB due to illness. This group typically includes days for which sickness benefits are paid under social security. This helps in understanding how often and for how long people are taking sick leave and receiving benefits. See Glossary of Terms for further details.

INVESTMENTS

This section presents data on investments, investment income, investment per capita, inflation rate, and rates of return on investments. The main source of data is the Social Security Board's Investment Services databases and also audited financials. The only exceptions are the data on the inflation rate and on population which were gotten from the SIB.

The Social Security Board's investments play a pivotal role in sustaining and driving the development of Belize's economy. Our investment strategy is diversified across various economic sectors, including agriculture, education, tourism, financial institutions, health, government securities, infrastructure and construction, local government, real estate, telecommunications, and utilities (see Figure below). SSB generates revenue from contributions made by insured person. Contributions collected are used to meet operating expenses and to pay out benefits expenditure; any surplus is invested as per stipulation and guidelines of the Act.

Investment Sectors

The monies earned through SSB Investments provide funding to ensure the lifetime payment of benefits for Retirement, Survivors, Invalidity, and Disability Pensions for current and future pensioners. In brief, the monies garnered from the collection of contributions are not enough to ensure the continuity of the fund and lifetime payments to our beneficiaries. SSB must ensure the fund's sustainability; thus, the Board's Investments are instrumental in safeguarding you and your lifetime benefits.

In this section, investment data are presented yearly and cumulatively. Investments are the total investments made in a particular year while the total investment as of December 31 is the increase in the investment by successive yearly additions.

SELF-EMPLOYED PERSONS

This section presents statistics on self-employed persons in Belize. Indicators include registration, contribution and benefit payments of the self-employed (see Figure below). The principal source of the data is the Social Security Board's (SSB) Registration, Benefit and Contribution databases.

In SSB's pursuit of its goal to help promote the extension of social security coverage in line with the objectives and strategies of SSB and the International Social Security Association (ISSA), SSB has included a new section to its Statistical Abstract, namely, Social Security data on the number of self-employed.

In February 2003, SSB implemented the self-employment scheme under which self-employed persons may voluntarily contribute to the Social Security Fund. SSB defines a self-employed as someone who is gainfully occupied in employment in Belize, is not an employed person, and is between the ages eighteen to sixty years. Self-employed insured persons are responsible for their entire payment of 7% of their declared weekly income ranging from \$55.00 to \$320.00. For a self-employed to qualify for any benefit, no less than 26 contributions need to be paid into the self-employed scheme and all other qualifying conditions for any benefit under the SSB Regulations need to be met.

MIGRANT WORKERS

This section presents statistics on Migrant Workers in Belize. Indicators include the registration, contribution and benefit payments of migrant workers (see Figure below). The principal source of the data is the Social Security Board's (SSB) Registration, Benefit and Contribution databases.

Migrant Workers Statistics

In response to the high demand for migrant data from key stakeholders like the International Organization of Migration (IOM) Belize, the Department of Immigration and Nationality Services, the Labour Department and the Belize Trade and Investment Development Service (Beltraide), SSB has created a section on the number of migrant workers by country of birth, age, sex among other things since 2017. The statistics that are presented in this section were compiled based on the following definition: a migrant worker is someone who is gainfully occupied in employment in Belize and who was not born in the country of Belize. Migrant workers who have legal status to reside and work in Belize and are insured persons may contribute to the Fund and receive all Social Security benefits as born Belizeans once they meet the qualifying conditions.
